

Safety Management Solutions

Safety Management Solutions

Working in conjunction with our strategic business partners, ei publican partnerships are able to provide a statutory compliance and health and safety support scheme specifically designed to meet the needs of our publicans.

The services within the scheme have been specifically developed to simplify the legal responsibilities placed on publicans regarding the safety of their employees, customers and anyone else affected by their activities.

Support and services provided include:

Statutory examinations & test covered

Electrical Services

- Fixed wiring - testing carried out in accordance with the requirements of the 17th edition
- Portable appliance testing - a thorough and visual inspection and test of all portable appliances at the specified location address
- Emergency lighting - a periodic test and inspection of all key components within the system
- Fire alarm - a periodic test and inspection of all key components within the system

Gas Services

- Gas certification - to carry out the periodic testing and inspection of the gas system and all gas appliances and provide full CP12 certification

Other Services

- Fire extinguisher maintenance - to carry out a full annual service of all extinguishers in accordance with BS5306-3:2009
- Lifting equipment - a thorough examination by a competent person in accordance with the requirements of Lifting Operations and Lifting Equipment Regulations (LOLER) 1998

Health & Safety Management

All publicans are responsible for ensuring their business complies with the appropriate health and safety legislation relevant to their activities.

Members of the SMS will receive support and guidance through an annual safety review with a member of the SMS Team and "ask the experts" email and telephone helpline.

SMS service will include:

- Fire Risk Assessment
- General Workplace Risk Assessment
- Disability Access Audit Report
- Food Safety Audit Report
- Health, Safety and Environmental Audit Report
- H&S Management Handbook

GET SUPPORT AND GUIDANCE AS A MEMBER

All SMS members will have access to an online web portal that will hold all documents generated through the SMS as well as provide you with relevant safety information at the click of a button.
